ONSITE

MEDIA TABLES

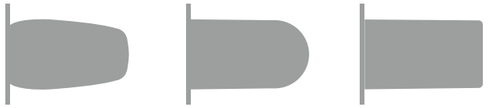

Unite
& Delight.

Elevate Your Space with Captivating Media Tables.

Created with open-plan in mind, Onsite boasts a sleek and modern structural design that offers the convenience of integrated cable management for both power and data. Finished in the back and less than three inches thick, the Applique Wall transcends functionality, giving you the freedom to divide your space smarter and create distinct zones. Fashion a personalized and stylish addition to your workspace by mixing materials that fit flawlessly into your design language, including PET felt.

Simple Connections.

Smaller meeting spaces are no big deal with our wall-mounted option. Whether you have a TV mounted on the wall or not, this compact solution offers generous functionality. Easy access to power outlets keeps your devices charged and ready for presentations or collaborative sessions. If you're seeking a touch-down space to quickly connect or a heads-down space to focus on work, rest assured our wall-mounted table is available in a size that fits just right.

Base - Black & Chestnut (Two-tone leg available for an upcharge)

Our freestanding tables combine tabletop finish options with budgeting flexibility, including TFL and HPL. Each table features a proprietary elegant aluminum Wishbone leg, available in a curated palette of powder-coated finishes. Use the base's primary cast connector support throughout the collection as a cost-effective solution that won't compromise design or quality.
